GET TO KNOW THE SYSTEM

THE DRIVE.

Waring® Ellipse™ Drive system, powered by rechargeable lithium-ion battery pack.

THE LID.

BPA-free lid with locking pin system has dual removable seal system for easy cleaning.

THE DASHER.

Durable snap-in dasher is driven 360° by Waring® Ellipse™ Drive, grazing container walls, forcing ingredients into the blending blades eliminating air pockets and ensuring proper blends every time.

THE JAR.

BPA-free co-polyester container. 32oz capacity with heavy-duty stainless steel blending assembly for powering through anything in its path.

GET TO KNOW THE BASE.

THE DOCKING STATION.

A cradle stores the Waring® Ellipse™ Drive between blends for easy access. The Docking Station can be placed in any direction under the base for space-saving convenience.

THE CHARGING STATION.

Charge your Waring® Ellipse™ Drive in under 2 hours with a rapid charging system. Plug in the Drive at the end of the day so you're powered up and ready to roll tomorrow!

Also available, a **Triple Charging Station** – an ideal space and energy-saving option for higher volume establishments with multiple Waring® Ellipse™ blenders in operation.
