

STAINLESS STEEL MULTI-PURPOSE CART

- The shelves are made with 18 gauge type 430 stainless steel for durability and strength.
- The vertical struts are made with 16 gauge type 304 Stainless steel for added strength.
- Shelves and vertical struts are designed to easily bolt together for stability and strength.
- Units come with stainless steel handles that bolt on to assist in maneuverability.
- Each cart comes with 4 castors; 2 with brakes and 2 without brakes.
- Units are shipped unassembled to reduce shipping size.
