

THAT'S LITE

## COMPACT AND PERFORMANT

In the bustling world of small businesses, every inch of space counts. Every piece of equipment must justify its place. That's why we've created the smallest LaCimbali machine ever. Meet S-Lite. Designed for those who need a compact product without compromising on the in-cup coffee quality. S-Lite is perfect for anyone looking for a coffee machine that guarantees quick performance, ease of use, and easy maintenance.

## INNOVATIVE FAMILY FEELING

### NEW DESIGN

LaCimbali S-Lite introduces an all-new compact design that effortlessly blends into any setting. Despite its smaller size, it carries the distinctive LaCimbali essence, aligning it with the rest of the S-Line family. A distinctive and customizable LED light wraps S-Lite's display, reflecting every space's mood in style. Extremely compact sizes allowed by the integrated hopper, which perfectly sits within S-Lite's body, allowing it to snug into every room. A perfect balance between tradition and modernity, combining the classic LaCimbali aesthetic with a fresh, compact form. S-Lite proves that great things indeed come in small packages.

## TASTE ON THE BIG SCREEN

### 10.1" TOUCHSCREEN DISPLAY

S-Lite comes with a 10.1" touchscreen display, making it incredibly user-friendly. It's all about simplicity and efficiency, allowing every user to have an intuitive user experience, whether the coffee is for them or their clients. The large display ensures that all the necessary information is easily visible, and the intuitive interface makes it easy even for beginners to brew a perfect cup of coffee.

## READY WHEN YOU ARE

### PLUG & PLAY

S-Lite is a Plug & Play machine, meaning there's no need for a direct water supply or an expert specialist setting it up. Just plug it in, and you're ready to start serving great coffee. The Plug & Play nature makes S-Lite the ideal choice for businesses that require a quick and easy solution for their coffee needs. With S-Lite, superior coffee is closer than ever.

# PRODUCT FEATURES

## MAKE IT YOURS

### CUSTOMIZABLE INTERFACE

S-Lite's flexible UI allows you to personalize it to suit your and your business' preferences, making it the best device to showcase your identity. Tweak its logo, screen-saver, in-brew loading screens and icons. Designed to adapt to your needs, it provides a seamless coffee-making experience. Whether you prefer a minimalist design or want to have all the features at your fingertips, S-Lite allows you to customize the interface to your liking.

## STAY CONNECTED

### INTEGRATED WI-FI AND USB

S-Lite is equipped with integrated Wi-Fi and USB, adding a layer of convenience and connectivity. This "always online" feature means S-Lite smooth coffee-making can get even smoother. Whether you need to update the software or want to download the latest coffee recipes, the integrated Wi-Fi and USB make it easy.

## EFFORTLESS CLEANING

### AUTOMATIC WASHING SYSTEM

S-Lite features the same convenient cleaning technology as the biggest members of the S-line family. Thanks to the Automatic Washing System, you can save time and ensure your machine is always ready to deliver the perfect cup of coffee. It's about making your life easier, one less worry at a time. With AWS, you can be sure that your machine is always in the best condition, without the hassle of dedicated cleaning staff.

**For an even higher grade of cleanliness, choose LaCimbali cleaning products, designed to thoroughly look after your machine.**

## FLEXIBLE TO YOUR NEEDS

### WATER TANK OPTIONS

Flexibility is key with S-Lite, that's why it comes in two versions to cater to your specific needs. Choose between a 2-litre water tank for smaller operations or an 8-litre version for busier environments. This ensures you can serve your customers without any interruptions, regardless of your business' size. Whether you have a small office or a bustling restaurant, S-Lite's water tank options provide the convenience you need to keep your business running smoothly. Need a constant water flow? S-Lite comes with a water supply connection kit, ensuring non-stop refill.
