Finless Free&Clear™ Condenser Coil

Automatic Stainless Steel Condensate Control System

Priority Air-Flow

COMMERCIAL FREEZER

Specifications subject to change without notice. Refer to website for most current information.

SF24HCSX: Designed to enhance the refrigerated storage or display experience to the highest standards of quality and performance.

Refrigeration:

- Advanced variable speed compressor for extended operational life and improved energy efficiency.
- Split forced-air refrigeration system employs R290 refrigerant within a sealed capillary tube system.
- Condensing unit is bottom-mounted and can be accessed from the front for ease of maintenance.
- Priority, directed air flow provides optimum cooling and energy efficiency through front of unit for optimized heat exchange ventilation.
- Finless, Free&Clear Condenser Coil maximizes air-flow over compressor, reduces energy consumption and is non-clogging.
- Corrosion resistant coated evaporator coil.
- Automatic, stainless steel condensate control system.
- Equipped with Energy Efficient Digital Controller featuring visual/audible product protection alarm. Freezers factory preset for -23.3°C (-10°F) .
- Technologically advanced ProducTemp™ provides exterior product temperature display. Displays to a resolution within 1°.
- Energy-Saving, Time-Initiated, Temperature-Terminated Defrost System with Evaporator Fan Motor Delay during Defrost and Fan Motor Interrupt on Door Opening. Features Manual Defrost Override.
- Quality, self-lubricating and sealed motors with streamlined air-flow provide quieter yet robust refrigeration.
- Equipped with Digital Thermometer.

Cabinet:

- Exterior – stainless steel front and sides.
- Interior – NSF approved white aluminum liner with stainless steel coved corner floor.
- Ergonomic raised interior floor.
- Insulation – cabinet is foamed-in-place with eco-conscious, polyurethane insulation.
- Heavy duty thread-in leveler legs.

Doors:

- Self-Closing Swing Doors feature hold-open position, and spring-back protection.
- Magnetic gaskets are single piece bead-mount construction easily removable for cleaning.
- Stainless steel front with white aluminum interior liner and large grip, recessed handle(s)
Lighting:

- Energy efficient LED lighting system for sparkling Illuminated Interior Display, on Switch.

Storage:

- Five (5) white coated shelves 18 1/2"W x 22 3/4"D (470mm x 578mm) are NSF approved.
- Heavy duty aluminum shelving pilasters will not peel or chip adjustment of 1/2" (13mm) increments.

Electrical:

- Factory power cord installed for connection to a sole-use (dedicated) 115V/60Hz/1-Phase, 15 Amp circuit.
