

BUILT-IN GRILLS

BI-30, 36, 48

Project: _____
 Item #: _____
 Quantity: _____

BI-48
 Shown with optional Roll Dome

Our passion at Crown Verity is to bring the precision and performance of commercial kitchens to the outdoor environment. To that end we design and manufacture our grills to be reliable and go beyond traditional industry specifications.

Our grill bodies, cooking grates, burners, radiants, water pans, fasteners, pilot tubes are all constructed of 304 series stainless steel for durability and ease of cleaning. Compared to units made of metal or 430 stainless steel, our units are built to last.

15,000 BTUH stainless steel burners are placed every 5.75" to ensure the most even heat pattern possible. These units heat up to cooking temperature within 5 minutes. Our stainless steel burners and cooking grills carry a 10 year and lifetime warranty, respectively.

The BI model is available as either liquid propane (LP) or natural gas (NG). All LP & NG models include a regulator.

Certifications

SPECIFICATIONS

- Gas grill constructed of 304 stainless steel including grids, burners and all fasteners
- 15,000 BTUH stainless steel burners
- Ready to use: ships completely assembled and comes with an insert shell ready to drop into an island
- Includes water pan with drain port to ease cleaning and help eliminate grease fires from occurring
- 16 ga stainless steel radiants that remain in place during transportation and cleaning
- c ETL us, ETL Sanitation listed, Conforms to ANSI Z83.11/CSA 1.8 and NSF Standard 4

More Standard Features

- Unibody design for lighter weight and added strength
- Stainless steel pilot burner tube system
- Regulator for NG & LP models
- Factory technician tested prior to shipping
- 1 year parts and labor limited warranty
- Lifetime warranty on body and cooking grids and 10 years on burners
