

ISNHCP

Horse Owners Workshop

Whitehouse, OH - May 2, 2020 12pm-6pm

ISNHCP Clinician, Paige (Caskey) Wilfert will be offering a day of instruction for horse owners. This workshop will give you an understanding of Paddock Paradise and ideas to implement “lessons from the wild” into the care of your equines. A break in between for a snacks and refreshments will be provided along with Q&A. We will then discuss what The Natural Trim is and the hoof mechanism, how it differs from conventional farriery and how it ties together to create healthy and happy equines! You will also be shown our critical measurements and trimming method on cadaver hooves, including the parts of the hoof.

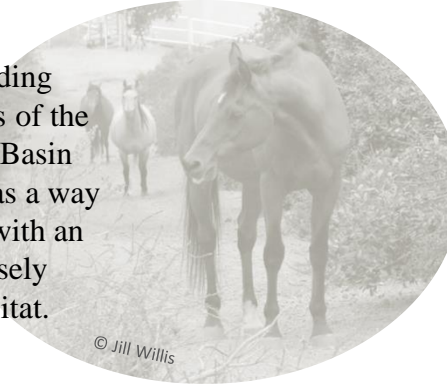

Fee \$125

Venue

12931 Archbold Whitehouse Rd
Whitehouse, OH 43571

Paddock Paradise is a boarding concept based on the lifestyles of the naturally healthy U.S. Great Basin wild horses. It was conceived as a way to provide domestic equines with an environment that more closely resembles their natural habitat.

The natural trim is a proven *humane, barefoot trimming method that mimics the natural wear patterns of wild, free-roaming horses (aka, the “mustang”) of the U.S. Great Basin.* The natural trim “triggers” natural growth patterns just like we see in the healthy, sound hooves of wild horses.
