Thank you for choosing Mavi Bandz for your fundraising needs! You will find that raising money by selling bands is easy and profitable for your organization. Please read the following information before distributing the fundraising forms to all individuals.

- You should create a cover letter for your sellers with important information regarding price, due date, and payment instructions.
- Please have sellers fill in all applicable information on the form, including totals, before submitting forms.
- Please have individual sellers submit only one check to your organization. This means that they collect cash and personal checks themselves.
- Please send Mavi Bandz only one fundraising form and one check, made payable to Mavi Bandz. All totals will be calculated on the form and submitted to us for fulfillment. You are to keep the individual seller forms and distribute upon arrival of bands.
- Please don't hesitate to contact Mavi Bandz with any questions or concerns.
