

Hi!

We believe our everyday experiences should be enjoyed. Therefore, our designs think about how, when and where they will be used and enjoyed. When you are grabbing your mail or watering your lawn, we want those little moments to matter. Hopefully our products help you invest in your everyday experiences.

Architect-Designed Mailboxes Built to Last

Here are some details that make our mailboxes special.

Timeless Design

Classic proportions with a simple clean design allow the Waldo to compliment a variety of styles, even as the world around them keeps changing.

Wood Without the Worry

Our Sublimated door finishes use an innovative powder coating process. This allows us to keep the warm look of wood without the maintenance.

Marine-Grade Materials

Our mailboxes are comprised of architectural grade, corrosion resistant finishes to ensure your mailbox will last for years and years. And all of our products carry our extensive warranty for total piece of mind.

Internal Flag

We knew there was a better option than the tacky flip up flag on the outside. Our innovative internal flag slides out when needed and then tucks away.

Make it Your Own

Personalize your mailbox with your address on both sides. Numbers, letters, or even logos. Our in-house fiber laser can handle most any request. Add our LED upgrade to stand out day and night!

Anywhere, Any weather

Our mailboxes utilize a double-box design. The inner box protects the contents from the weather while the fastener-free outer box provides the high end custom look with laser cut numbers and over 100+ finish combinations available.

Waldo XL Custom | Matte White with Matte Black Door

Waldo XL | Custom Mailbox

Product Overview

Our Waldo XL Custom Mailbox is the larger version of our original Waldo with laser cut address numbers to add that high end custom touch without the custom hassle and price.

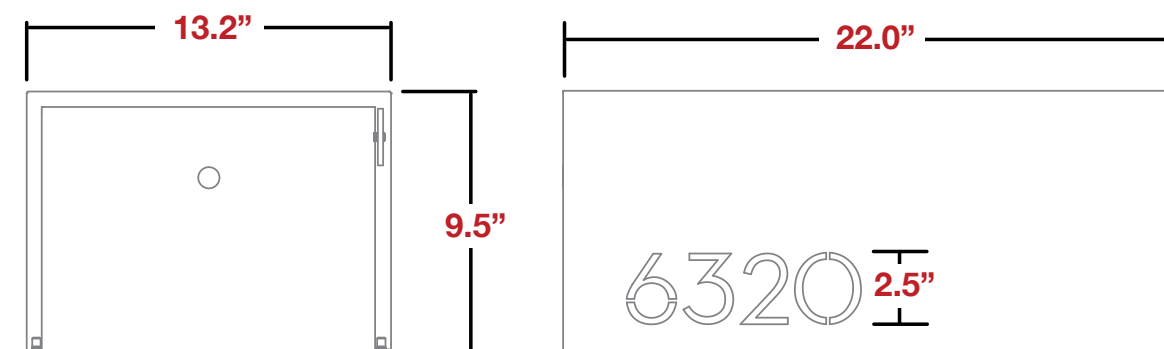

Beautifully designed using architectural proportions and finishes that add instant curb appeal to your home or office.

Amazing. Perfect compliment to our home.

SEAN A. ON APRIL 3, 2020

This is my second order. My first mailbox survived a number of impacts via careless delivery people, but it was an errant cement truck that finally took it out. The new colors and door construction are great improvements. The order process was easy and for an bespoke item the wait time was reasonable. The delivery was perfect. Thanks.

Best on the block.

PJ B. ON JUN 21, 2019

After many years of having the worst mailbox on the block we now have the best. We are very impressed with the materials and workmanship of the Waldo. The custom numbers on the side really make it stand out!

Sleek, modern and elegant.

MARY H ON JAN 15, 2020

This mailbox is very simple and very elegant. It has been constructed with attention to every detail. I have been very impressed with the company and it's apparent quality control and customer service. It is a pleasure to do business with a company like this.

Great quality! Modern and minimal.

DAVID C. ON JUL 29, 2021

Purchased a white Deus mailbox to match our now updated exterior and it's perfect! Quality all around and constructed with material that will be free of rust for years to come. I cannot recommend this mailbox enough. Do yourself a favor and just buy one.

How to Order

Check out deusmodern.com and you'll be on your way!

Warranty

We stand behind our products by offering a warranty that covers quality workmanship, materials, and defects in production for a period of 3 years from the original date of purchase. Please keep in mind that we cannot offer our warranty on cases of misuse or intentional destruction of our products.

Lifetime Warranty

We know that when you purchase our modern mailbox, you are making an investment in a product to enjoy for years to come. Sometimes in life things happen, delivery trucks, teenagers, etc. We have provided ongoing support for all of our customers when life happens and are always available to help customers as needed to get their mailbox situation resolved and back to normal as quickly as possible. It is as simple as sending a file to a common metal fabricator to have the item remade new along with using our standardized RAL powdercoat colors to replicate the finish.

Custom Inquiries

We are happy to hear possible options to further customize your order or for other unique custom fabrications. Most any font or logo can be used. There may be a small fee associated with converting files. Please send these requests to hell@deusmodern.com.
