Technical Data Sheet - Transparent Setting and Distance Blocks

BO 51 210 01-11

Transparent setting blocks made of plastic · for use when mounting all-glass showers, all-glass assemblies, mirrors or other glazing applications

1. Technical data

Product name: PVC Compound
 Product type: STE-3082 NC
 Appearance: Transparent particles
 Application: Extrusion moulding

2. Product properties

In compliance with RoHS (Restriction of Hazardous Substances) Directive 2011/65/EU

Contains phthalate

Physical Properties	Unit	Typical Value	Test Method
Densit	g/cm ³	1.25 ± 0.	GB/T1033
Shore Hardn	A/1	82 ±	GB/T2411
Tensile Stren	Mpa	13	GB/T1040
Elongati	%	250	GB/T1040

Note:

Inspection frequency: Batch; 3 / 3 m

3. Other information

Packing: Net weight: 25kg
 Moulding temperatur: 140-185 C°
 Storage environmen: cool · dry · well-ventilated · clean · free from corrosive gases

4. Disclaimer

The present product data have compiled to the best of our knowledge under specific test conditions and are meant as a general guideline only. The Cusotmer is responsible for determining the suitability of the product for its intended use before using it.
