

CIOVITA

DESIGN IT YOURSELF

Express your creativity during lockdown with the DESIGN YOUR OWN JERSEY CHALLENGE. We are giving 1 team (2 people) the chance to WIN THEIR OWN CUSTOM JERSEY DESIGNS.

HOW IT WORKS

1 Download the PDF with the jersey CAD (already done)

2 Get creative and design your own jersey using any medium you are comfortable with.

3 Facebook: simply share your design in the comments below / Instagram: Upload your design and tag @ciovita AND @ciovita_custom in your post

4 A winner will be selected by the Ciovita design department

We have provided both a 3D (page 2) and 2D (page 3) line drawing. The 3D version is ideal for those who know their way around design programs, while the 2D is great for those who have some coloured pencils or crayons.
