BAT-Connect

Alula's new **BAT-Connect** is the ultimate system takeover device, easily upgrading legacy security platforms to a modern, mobile experience. Much more than a basic communicator, this intuitive device smartly bridges intrusion security, video and automation with the Alula iOS or Android Apps. Fueled by the encrypted, lightning-fast Alula network, system control is delivered instantly to the smart devices your customers already use and love.

Armed with the BAT-Connect, security dealers can streamline their takeover business, cut install time and simplify operations. The easy-to-install communicator is broadly compatible with common panels, giving security dealers a game changer upgrade for 15-Million security systems online today.

- INSTANTLY MODERNIZE MOST LEGACY SECURITY SYSTEMS WITH MOBILE CONTROL

- OFFER NEW SERVICE UPGRADES BEYOND BASIC INTRUSION SECURITY

- VIDEO READY, ENABLED THROUGH THE ALULA MOBILE APP

- HOME AUTOMATION READY, LINK TO ANY Z-WAVE DEVICE

- SUNSET-PROOF COMMUNICATOR, WITH ETHERNET AND WIFI ON BOARD

- TRIPLE-PATH CONNECTIVITY GIVES INSTALL FLEXIBILITY AND AUTO-SWITCHING TO ALWAYS MAINTAIN ALARM REPORTING

- CAT-M1 IOT OPTIMIZED! 5G READY KEEPS YOU AHEAD OF TECH CHANGES, 4G LTE LINKS TO CURRENT CELL STANDARD

- NEAR UNIVERSAL PANEL COMPATIBILITY

- KEYSWITCH ARMING FOR REMOTE INTERACTIVE CONTROLS

- AUTO-BUS CONNECTION SAVES SETUP TIME, INSTANTLY JOINING EXISTING PANELS

((CELLULAR))   Z-WAVE PLUS   5G   4G LTE   WIFI   ETHERNET

Compatible with 4G LTE and planned 5G network specifications.
