

SAUNA^o

by THERMORY[®]

Get in on the original

Welcome to the world's oldest escape room. For more than 2,000 years, sauna has become a way of life for people who want to repair naked nerve endings, relax tired muscles, or reconnect with friends. Now, it's your turn.

Thermally modified

Weather resistant

Sustainable

Rot resistant

Your barrel is calling.

A Thermory Barrel Sauna gives you a unique space to enjoy on your own or share with others. And it's just steps outside your door.

But no matter how you sauna, once you own a Thermory Barrel Sauna, you'll wonder how you ever got along without one.

Thermally modified

Ours are the only thermally modified barrel saunas in North America. So you get the beauty of real wood, naturally enhanced with only heat and steam for unequaled durability and stability. And it never shrinks—even in changing weather conditions. It's the most ideally suited wood for your sauna experience.

Sustainably sourced

We look no further than the birthplace of sauna culture for beautiful Nordic softwood to craft your Thermory Barrel Sauna. Our Nordic spruce is harvested exclusively in Scandinavia, a region celebrated for its responsible forestry practices. And wood is the only naturally renewable building material that doesn't generate hazardous waste. So when you choose a Thermory Barrel Sauna you're investing in the health of our planet. That's why our mission is to "leave a lasting impact."

Thermory Barrel Saunas offer comfortable, spacious interiors for you and your guests. Optional sizes, porches, and windows let you make it your own.
