No40 Square Sauna

Take the next step.

Thermory Saunas are the only thermally modified saunas in North America. So, you get the beauty of real wood, naturally enhanced with only heat and steam for unequalled durability and stability. And your sauna never shrinks—even in changing weather conditions. Cedar can't say that.

Sitting porch

Your Thermory Sauna Square's porch is the perfect place to take breaks between sessions. It's also a good spot to leave your shoes, your robe, and your troubles.

Tiered bench

When you entertain in your Thermory Sauna Square, there's never a bad seat in the house. Plus, you can rest your feet on the convenient lower bench.

Extra-wide Window

No matter what's outside—rain, snow, or jealous neighbors—enjoy the view through your Thermory Sauna Square's dramatic, rectangular window.

Extend your entertainment area with the ultimate relaxation destination. Our 40 Series "Large" squares can bathe four to six people in heat and steam. Customize yours with an extra-wide window, or go without for added privacy.
