

# 5'x7'x8'h DELUXE SAUNA

Indoor or Outdoor models (roof not shown) --- See notes (\*) for Standard sauna features  
Most custom sauna sizes are simply variations of this drawing --- Standard ceiling height is 7'

Specify entry door swing (hinges on left or right). Heater is usually on latch side of door. Heater and 'L' bench placement can be reversed. Read Assembly Instructions and Key Design Features for more information. ①

\* 'Standard Sauna' has all glass door: 24x72" pre-hung, bronze tinted & tempered R.O. 27 1/2 x 74 1/2". Many other styles of doors to choose for upgrade. Custom size door shown. ①

Floor drain with rubber sheet flooring is optional.

Optional Window Upgrade: 7/8" tempered & insulated clear or bronze tinted glass panels. ②

Note: When ordering, specify ceiling paneling direction, lengthwise or widthwise (depends on nailers or joists) ③

\* Std. Sauna has horizontal paneling and an 18" SIDE BENCH. Ceiling paneling is installed after walls. ④
