

ODYSSEUS CORNWALL'S OUTSTANDING OILS AND WAXES

ODIE'S OIL AND THE ODIE'S OIL FINISH LINE

What is Odie's Oil?

Odie's Oil is a solvent free, non-toxic, food safe, one coat, wood finish and stabilizer that can be used for all interior and exterior applications. It contains no chemicals, hardeners or driers. It contains no "fillers" or low quality refined oils to thin down the product to make it cheaper to manufacture.

Each ingredient in Odie's Oil is sourced for purity and quality to ensure its effectiveness in the Odie's Oil secret formula. The raw materials are then blended in a proprietary, handmade process that ensures an effective and superior finish and stabilizer. Odie's Oil has a creamy, pale amber color and a honey-like consistency with a pleasant odor and no harmful VOCs.

Other Odie's Oil products include Odie's Wax, Odie's Wood Butter, Odie's Oxi Oil, Odie's Dark and Odie's Safer Solvent. We have developed a terrific cleaning concentrate that makes cleaning and maintenance a snap! We will be rolling this exciting new product out soon. We also have natural pigment stains in the works.

The Back Story - A Search for a Pure, Non-toxic Finish

Odie's Oil was born out of inspiration, hard work and a driving need to solve problems specific to the woodworker. The culmination of 30+ years of research, development and field testings in the most extreme environments produced a revolutionary product that out-performs and out-covers the competition. Expertise in sustainable forestry, wood products distribution, manufacturing and finishing contributed tremendously to the development of Odie's Oil.

Can a finish be non-toxic and still produce an effective result? This is the question to which Odie's Oil became the answer.

Unhappy with both the look of mainstream conventional wood finishes and the risk of exposure to the chemicals and toxins offered by the finish and chemical products industry, the developer of Odie's Oil searched for safer alternatives to mainstream industry offerings. Over 15 years ago, safer alternative solvents, like di-limonene (a citrus-based solvent), were introduced into what would become Odie's Oil.

About ten years ago, the passing of a family member as a result of AML leukemia attributed to chemical exposure spurred the elimination of dangerous solvents, and as a result, a better delivery system was discovered, one that worked

harmoniously with the natural oils and waxes in the wood. This new blend enabled easy production of some of the finest wide plank flooring in the industry. The new finish blend stabilized the wood further and enabled the production of flooring planks in excess of 20 inches without stability issues. No solvents, No toxins, easy to use and an incredibly lustrous sheen, this was the holy grail of finishes. This was Odie's Oil and it quickly gathered a fan base that referred to it as the "magic finish".

In addition to pre-finishing wood floors, Odie's Oil has been used successfully to finish and stabilize gates, doors, decks, shutters and furniture that are in service all over North America, including Alaska and Hawaii. Because of Odie's Oil, floors, decks and other products are outperforming the mainstream and doing so with beauty.

No Muss, No Fuss

Odie's Oil is an incredibly easy product to use. Simply apply, wait a while and wipe off. And it is easy to maintain. There is no abrading prior to re-finishing and Odie's Oil allows easy on-the-spot repairs. Everyone who has used Odie's Oil loves it, from the home crafter to the professional woodworker to the commercial floor finisher to the discriminating accomplished artist.

Odie's Oil is so safe it can be applied by hand without any worry of exposure to toxic chemicals. It actually makes wood finishing enjoyable as it should be. People like to use it. Odie's Oil has actually made finishing enjoyable!

A Revolutionary Product that Out-performs and Out-covers the Competition.

A little Odie's Oil goes a long way covering many, many times the area of other wood finishes. Up to 20 times the coverage as conventional finishes, in fact! (American Cherry) A quick note about the price: Because Odie's Oil covers more surface than any other finish available today, when you compare by coverage, Odie's is one of the least expensive finishes available!

As for applications, Odie's Oil can be used indoors and outdoors and on virtually any wood surface. Recently wood turners have discovered it and it seems to be a perfect fit. There are many uses for this product and many ways to use it. All the Odie's products can be used in conjunction with each other to get different desired effects. We encourage our customers to play and experiment with our finishes!
