

Adult Direct Thermal Wristbands

FEATURES:

- Print on demand, custom labels using a Direct Thermal Printer
- Easy to apply and comfortable to wear
- Highest scan reliability and performance
- Proprietary coatings and processes protect the surface and patient information
- No ink cost or toners
- Latex-free
- Resistant to water, general cleansers, antiseptic alcohol, and hand sanitizer

DESCRIPTION:

Adult Direct Thermal wristbands allow caregivers to quickly print patient information on demand and are easily applied. These super comfortable, lightweight bands are size adjustable and hold vital information throughout the patient's stay.
