REVISION®

Fog free vision

Optimal visual clarity

Revision Reusable Anti-Fog Cloth

The Revision Reusable Anti-Fog Cloth uses advanced nanotechnology for superior fog-defense, providing unobscured vision in the most extreme conditions.

MAXIMIZE LENS PERFORMANCE

- Easily applied anti-fog protection provides best-in-class temporary fog resistance
- Supplements Revision's permanent lens coatings and may be safely used with all Revision eyegear
- Long lasting cloth is reusable for up to 25 lens applications
- NSN # 4240-01-571-3625

Revision Lens Cleaner

The Revision Lens Cleaner's anti-grime formula safely powers through dust, oil and dirt for clear vision that's safe on all lenses.

OPTIMIZE LENS PERFORMANCE

- Anti-grime formula safely removes oil and dirt from all lens surfaces
- Ideal for all lenses, including anti-reflective, and for electronic displays and optics
- Streak-free finish
- NSN # 4240-01-527-4068
