CLIPPER WINDBREAKER

2021 FEATURED PRODUCT

The Massif® Clipper Windbreaker is lightweight, quiet, and so comfortable it's easy to forget you have it on. We designed mesh hand pockets that double as vents giving you more temperature control. Incorporating thumb loops and elbow articulation allows for a full range of motion without worrying about your sleeves riding up. A single-handed cinch cord at the hem and another one on the hood means the jacket has you covered regardless of how hard the wind is blowing. The packability of the Clipper is sure to impress, along with the fit, quality, and strength. Stay comfortable and maintain focus on your tasks in the windiest environments with the Clipper Windbreaker from Massif.

FEATURES:
