

GLH Kit

Kit Includes: Holster, Pack, Pouches & Bandolier

The GLH (Grenade Launcher Holster) Pack has been carefully designed to mount the user's grenade launcher holster securely in place along with 18, 40mm rounds inside the pack and protected from the elements. The pack offers two configuration options – sling and backpack. The sling option allows the bag to spin around the user's body for them to pull on the quick-draw handle for immediate access to their grenade launcher. The backpack configuration requires the user to either remove the backpack or have another operator open the pack and deploy the grenade launcher.

Ways to wear include:

- 1" webbing shoulder straps
- Fastex® loops for 1" buckle donning/doffing
- 10.5" YKK zipper strips for carriers with zip on platforms

Removable (HK GLM/
M320) Holster

Adjustable 40mm
grenade pouches,
