

INVISIO Intercom System

Bridging The Gap

Available Color: ●

4 Com Ports	Cable Auto-Sensing	<h3>INVISIO Intercom</h3> <p>The INVISIO Intercom is designed to bridge the gap between the dismounted and mounted soldier, by seamlessly integrating to the INVISIO system. Capable of connecting up to 4 combat net radios, and 5 users for internal voice communication, the Intercom provides clear communication in the noisiest of environments. It is a small and light system that can be powered from a vehicle or common combat radio battery. The Intercom is a highly mobile system that can either be mounted in the vehicle or carried on the go between vehicles.</p> 
5 User Ports	2 Meters Submersible	
1 Power Port	Powers from Battery or Vehicle	
150 x 95 x 26 mm	500 Grams	
<h3>Seamless Integration</h3> <p>between the dismounted and mounted soldier.</p>
