FULLY INSERT THE MARKING LIGHT

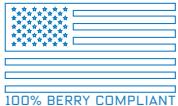

REPEAT WITH REMAINING MARKING LIGHTS
NOTE THAT MARCO™ IS ONLY MEANT TO HOLD 30 MARKING LIGHTS

MARCO™ REFILL KIT

The MARCO Training Light Refill Pack tops off your MARCO Marking Light Dispenser and gets it back into action. The refill kit contains 30 individual 2" marking sticks in a resealable bag and allows the user to load one or all of the light sticks in a MARCO Dispenser. Just tear the top off the resealable bag and gently load into the MARCO dispenser. This saves time unwrapping individually packaged sticks and significantly reduces dunnage and packaging waste. The 2" marking sticks provides an equivalent light output of a taped up 4 inch light sticks in a much smaller and lighter package with less bulk than a traditional light stick bundle on your gear. **We recommend using these Refills for training use only.**

Weight	44g
Part #	MARCO-01-XXXXX-REFILL-1EA
MSRP	\$27.95 (\$77.95 for Infrared)
Size	30 each MARCO Marking Sticks
Features	
Reduce prep time for light sticks to almost Zero	Keeps marking sticks organized in a predictable, effortless-to-use manner
Resealable foil bag reduces marking stick degradation	
Materials
