

SUMMIT™

THREE-HOLE SHROUD

Yielding a 28% weight reduction from currently fielded NVG shrouds, the SUMMIT™ Three-Hole Shroud provides a superior strength-to-weight ratio. It secures night vision electro-optics, lights, cameras and other accessories with a proven fit that is sturdy and reliable. With an over-molded unibody construction, the the SUMMIT™ shroud is durable in even the most austere environments, featuring a high-impact polymer shroud and stainless steel over-molded inner utility.

Available for retrofit of ArmorSource™, Avon Protection™ Ceradyne, Busch PROtective®, Galvion™, MTEK™, Ops-Core® and many other global helmet brands utilizing the standard three-hole pattern.
