

wolfspider®
GOGGLE SYSTEM

REVISION.

The Wolfspider Goggle streamlines size, weight and design for superior comfort and equipment compatibility.

Outstanding Impact Protection

Widest Field-of-view

Compact, Low Profile Design

Comfort Frame Technology

Prescription Ready

Frame offers durable high-impact protection and flexibility for extreme comfort

THE REVISION WOLFSPIDER, Precision engineering at its finest, provides an uncompromised field-of-view, best-in-class ballistic protection and high performance frame technology for comfortable, extended wearability. Plus, with distortion-free flawless optics that ensure what you see is where you see it, and OcuMax® Plus coated lenses for fog-free vision, this is the goggle for tactical and military operators.

KEY FEATURES

HIGH-IMPACT PROTECTION – System exceeds military ballistic impact requirements for goggles: MIL-PRF-32432 (GL) (superseding MIL-DTL-43511D, clause 3.5.10) and EN 166

COMFORT FRAME TECHNOLOGY – Frame offers durable high-impact protection and flexibility for extreme comfort

FIELD-OF-VIEW – Compact, low-profile design with unrestricted field-of-view ensures compatibility with helmet, binoculars and night vision systems

CLEAR VISION – Filtered full-frame ventilation for superior fog defence and fine particle filtration

DURABILITY – High performance OcuMax coating protects against fogging, scratching and chemicals

FLAWLESS OPTICS – Ensure clear and accurate vision for peak performance

UV PROTECTION – Easily interchangeable lenses for various light conditions provide 100% UV-A-B-C protection

ADJUSTABILITY – Adjustable strapping system fits comfortably over, under or without helmet

PRESCRIPTION READY – Optional Rx insert is also compatible with Sawfly Spectacle, Bullet Ant, Desert Locust Goggles and StingerHawk® Spectacle. Revision offers Rx Carrier fulfillment services in the U.S.: See revisionmilitary.com for details

OCUMAX®

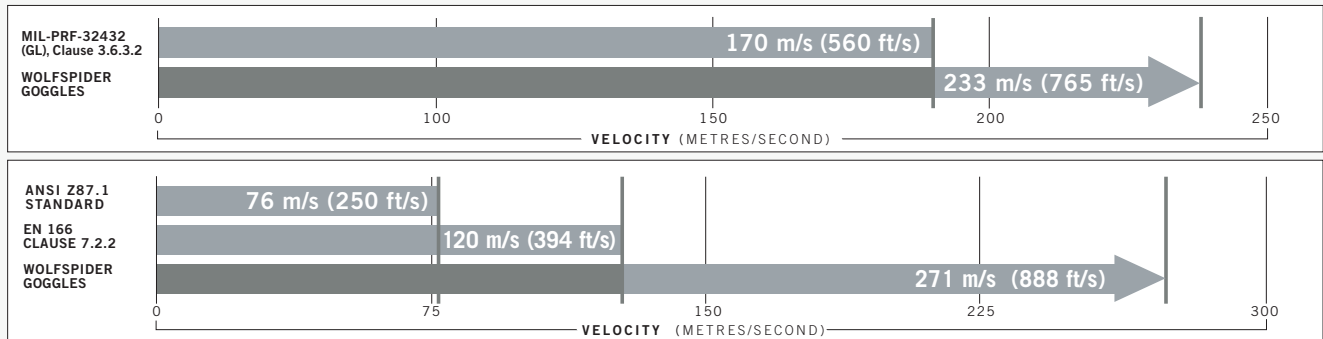

OcuMax® Plus is Revision's proprietary next-generation anti-fog lens coating designed to maintain clarity in extreme conditions. Revision's OcuMax Plus sets the benchmark for next generation anti-fog coatings. OcuMax Plus provides an optimal combination of anti-scratch coatings on the outside of the lens and anti-fog coatings on the inside.

WOLFSPIDER OFFERS EXTREME PROTECTION

- CE certified in accordance with EN 166, EN 170 and EN 172
- Exceeds ANSI Z87.1-2010
- Exceeds U.S. Military eyewear ballistic impact resistance requirements (MIL-PRF-32432 (GL))

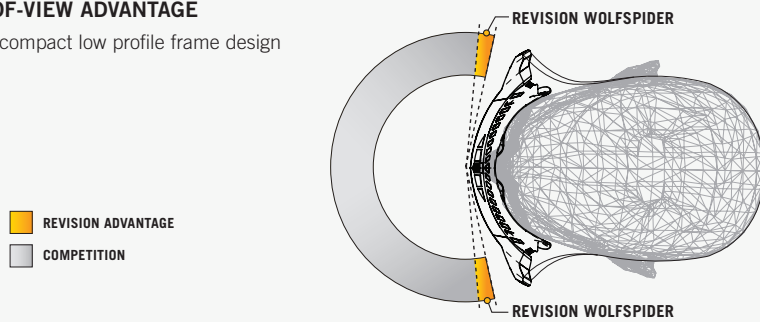

DON'T RISK YOUR VISION... 90% OF EYE INJURIES ARE PREVENTABLE WHEN USING IMPACT RESISTANT EYEWEAR

The Wolfspider's best-in-class protection surpassed other eyewear in rigorous impact testing, both in the lab and in the field.

REVISION'S FIELD-OF-VIEW ADVANTAGE

Wide field-of-view with compact low profile frame design

ALL LENSES PROVIDE 100% UV-A, UV-B AND UV-C PROTECTION. LENSES INTERCHANGE EASILY WITHOUT ANY TOOLS

- CLEAR LENSES** – Maximize light transmittance. Use indoors or at night.
- SOLAR LENSES** – Reduce extreme glare and squinting. Use outdoors in bright conditions.

HIGH-CONTRAST LENSES

- YELLOW** – Provide crisp definition in low-light conditions. Use during dull, cloudy or hazy conditions.
 - VERMILLION** – Provide excellent color recognition and depth perception. Use in bright and cloudy conditions to reduce glare.
- Laser, thermal and other specialty lenses available by special order.
