EFFEX R8

INTRODUCTION

Effex r8 is a fully telescopic beam system. Allowing for shared componentry using various desktop shapes, Effex is an alternative solution to the standard individual desk.

EFFEX R8

Effex r8 beam desking is a telescopic, fully cable managed and telescopic desking system that offers continuous bench style solutions.

Tool rail screens offer an added option for storage maximising desktop space.

Effex legs can be substituted for shared storage units. Available as a pedestal, open storage unit, tambour or cupboard they reduce the need for additional legs and storage.

A full range of accessories are available for the Effex range. Leg mounted CPU holders add the ability to maximise desk space and hide unsightly PC towers beneath your desk.

Effex r8 also offers a cantilever leg design for an alternative visual appeal. The cantilever leg allows for extra leg space beneath your desktop.

Wave, straight and curved desktop screens in various styles and finishes can be added to further enhance your desk configuration.

'I' Frame Leg Design
incorporating telescopic beam

The telescopic beam allows for desk sizes between 1000mm and 1800mm. Extensions can be added to create continuous rows to desking.

Effex r8 double wave desk tops, 'I' frame leg design and shared pedestal storage units provide an appealing aesthetic solution.

(choice of 2 or 3 drawers)

FINISHES

BOARD FINISHES

All products are manufactured using 18 & 25mm thick Melamine Faced Chipboard (MFC) sourced from across the world for optimum quality. An impressive Selection of 17 board finishes and 21 backboard finishes are available.

Colours storage is available with a choice of 17 board finishes for fascias and doors.

All desking, storage & pedestal tops are finished with 2mm PVC heavy duty edging tape.

For an accurate representation of all board finishes please request an Imperial Finishes Card.

TRIM FINISHES

All metalwork is epoxy powder coated with a choice of up to 3 finishes as standard.

DESKTOP SHAPES

BOARDROOM

Boardroom tables are available in various shapes and sizes. Effex r8 legs and beams allow for a fully cable managed solution.
