

WINE TASTING MENU

Contentious Character is a single vineyard winery, growing our own grapes, making our own wine, and sharing our good times with you. Our Founder's Museum collection of wines are wines from our cellar, pre-aged with an old world mature character, excellent for drinking now and at a quality that enables them to be cellared for years ahead. The Contentious Character range started in 2015 and adopts a contemporary, new world style, offering the perfect counterpoint to the Founder's Museum collection.
