

Lesson Eleven : Harmonic

Technique

- “**fan yin**” = Harmonic

Harmonic is commonly used on guzheng to produce a soft tone that's an octave higher. It serves as a contrast to the regular plucking tone.

How to Play:

1. Use your left hand index finger to tap the string on the right hand side of the bridge. The place to tap is exactly half way between the edge side and the bridge.
2. At the same time, pluck the right side of the string with your right hand finger.
3. Raise your left hand index finger right after plucked. Do not stay on the string.
