

Special endmill request proforma

ENDMILL TYPE:

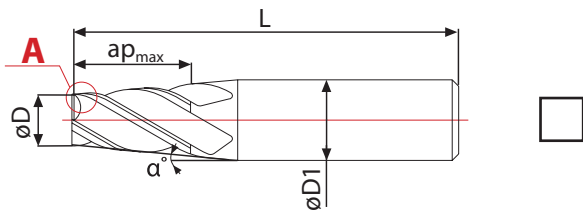

Basic

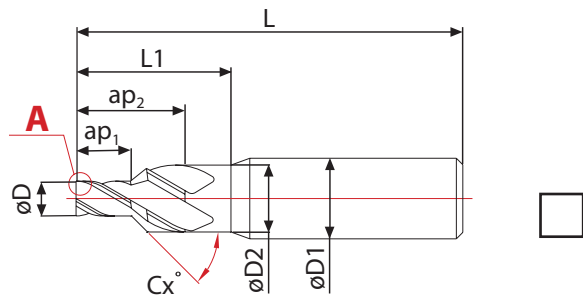

With necking

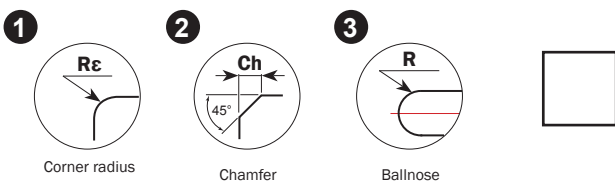

Tapered

Step tool

ENDFACE TYPE (View A):

ENDMILL PARAMETERS:

Cutting diameter **øD** _____

Shank diameter **øD1** _____

Overall length **L** _____

Cutting length **ap_max** _____

Neck diameter **øD2** _____

Neck length **L1** _____

Taper angle **α°** _____

Number of teeth **z** _____

Helix angle **φ°** _____

Full cutting length **ap2** _____

1st step cutting length **ap1** _____

2-nd step chamfer angle **Cx°** _____

Coating Yes No

Application roughing finishing

Corner radius **Rε** _____

Chamfer **Ch** _____

Ballnose **R** _____

Material to cut _____

Sketch attached: Yes No

Number of pieces _____

Notes: _____

Note Optionally, Evolute can manufacture catalogue items with modified sizes. Please specify the series code and the dimensions to modify.
