

# POWER ACTIVE™

## FOR AN ACTIVE LIFESTYLE

1. Power Active™ is meant for people with an active lifestyle providing a perfect balance of macro and micronutrients in a delicious chocolate flavour.
2. Scientifically developed with top-nephrologists of the country - very safe for the kidneys.
3. Triple blend of proteins™ (whey protein concentrate, skimmed milk powder and cocoa powder) are easy to digest and aids in quick muscle recovery.
4. Multi-source carbohydrates to maximise energy levels and keep you going throughout the day.
5. Contains 13 essential vitamins to fulfil the daily micronutrient requirement and keep a balance for optimal organ functioning.
6. Power Active™ is enriched with minerals like sodium, potassium, calcium, magnesium and phosphorus to maintain an electrolytic balance of the body and prevent muscle cramps.
7. Enriched with special ingredients - Taurine and L-Carnitine.
8. L-Carnitine accelerates metabolism, converts fat into energy, increases cellular energy and boosts athletic performance.
9. Inositol helps in healthy cellular functioning, supports energy metabolism, improves blood circulation, uplifts mood, minimises stress and fatigue.

# POWER ACTIVE™

## FOR AN ACTIVE LIFESTYLE

- 10.** Power Active™ can be consumed by active people as it fulfils your daily need and keeps you active throughout the day. It can be consumed with meals in water or milk.
- 11.** For BodyBuilders, Power Active™ can be used as a pre-exercise meal to have an energised exercise or practice session or consume it any-time during the day to fulfil your daily requirements.
- 12.** For HIIT Workout - Use Power Active™ both before and post-workout for optimum nutrient intake for energised workouts.
- 13.** For Endurance Sports, Power Active™ has a multi-purpose role for an endurance athlete. Made with Triathletes, can be consumed during long hours training of more than 4 hours, can easily be replaced with bars as it will take less time to digest, can be consumed with breakfast before a workout to have energised workouts or can be consumed post runs and races for complete muscle recovery and re-energise energy levels.
  - » Easily Digestible Proteins 16 g
  - » Multi Source Carbohydrates 14 g
  - » Essential Vitamins and Minerals
- 14.** Power Active™ is safe for kids above 5 years of age. It gives complete nutrition to kids when consumed with water or milk.
- 15.** Power Active™ is ideal for meal skippers due to presence of both micro and macronutrients, it can be used as a substitute when meals are skipped. Perfect for office goers. For more satiety, consume with milk.
