

ULTRA PLUSH BATH PILLOW

HOW TO USE:

STEP 1

Clean your bathtub with a damp cloth.

STEP 2

Wet the suction cups on the back of the bath pillow with water.

STEP 3

Place the bath pillow on the back of your bathtub and press on the suction cups to create a gripping hold.

STEP 4

To adjust the position of your pillow, gently pull the pillow up or down to slide it along the back of your bathtub. You do not have to detach it entirely from your bathtub.

STEP 5

To detach, gently pull the bath pillow apart from your bathtub. You'll feel and hear the suction cups disconnect from your bathtub.

STEP 6

To dry, leave the bath pillow in your bathtub until it's mostly dry. Then use the built-in hook to hang the bath pillow up to dry completely.

We recommend hanging the bath pillow over your bathtub or shower as water may drip from the bath pillow until it's fully dry.

HOW TO CLEAN:

Hand wash with cold water, separately.

Only use gentle detergent and non-chlorine bleach when needed. Do not iron.
