

INTRODUCING THE BUBBLER by SHATTERIZER

Portable Desktop Concentrate Vaporizer to Canada - 2021

1. Specialized for cannabis extracts and concentrates, this portable and desktop vaporizer with borosilicate glass BUBBLER has a newly designed more powerful battery, protective case and stand-up base.
2. The BUBBLER water feature is an advanced attachment. It's a self-regulating water filtration system, made of borosilicate glass. It's revolutionary and unique design allows for the highest-level of enjoyment and #PerfectClouds.
3. Comes standard with 2 Shatterizer Coils and caps. One Quartz Dual Coil (QDC) and cap, and one NEW Quartz Triple Coil (QTC) and cap. All coils are available in replacement 5 packs.
4. Original borosilicate glass globe top cover is designed to optimize the view of #PerfectClouds vapors, maximize taste, airflow, flavor profile and reduce vapor temperature for a smoother vaping experience.
5. Long lasting battery is made of lithium-ion (18650) with 1400 mAh and a 510 thread. The battery comes with more power and up lighting. Charges fully in 3 hours.
6. Adjustable 3 Stage Variable Voltage battery ranges in temperature settings between: RED the lowest setting (3.2 V or 20 Watt) BLUE the medium setting (3.8 V or 25 Watt) or GREEN the highest setting (4.2 V or 30 Watt).
7. Offers 15 second pre-heat feature and offers 15 second continuous heat option with an automatic shutoff.
8. Conveniently added magnetic built-in silicone lined storage container at the battery base has divider for multiple cannabis concentrates and extracts.
9. Double-sided and engraved dab tool.
10. Shatterizer Base designed to keep BUBBLER standing-up and showcased in place.
11. BUBBLER by Shatterizer comes in a lifestylish protective and discreet case.
12. Micro USB port with an extra-long USB Charging cord included.

BUBBLER by Shatterizer is compatible with all Shatterizer coil options and top accessories. Including Shatterizer CTECH coils (ceramic), and S Pods (refillable oil cartridge) all sold separately and available in replacement 5 packs. The BUBBLER is also compatible with Shatterizer Aluminum Silver Globe and Aluminum Black Globe tops.

BUBBLER Kit: Portable & Desktop Cannabis Concentrate Vaporizer with Water Feature COMPONENTS

BUBBLER by Shatterizer

This advanced borosilicate glass water filtration system is blowing bubbles and expectations out of the water with #PerfectClouds. The BUBBLER attachment is highly enjoyable, self-regulating and easy to fill, clean and use. Please read BUBBLER Booklet for instructions.

Borosilicate Glass Globe Top

The borosilicate glass cover has been uniquely designed to enhance desired density of vapors, flavor and reduce vapor temperature for a smoother vaping experience.

Magnetic Built-In Silicone Lined Storage Container with Divider

At the bottom of the battery there is a magnetic built-in silicone lined container to make travelling much easier. The divider allows for storage of multiple cannabis concentrates and extracts.

Shatterizer Coils

BUBBLER by Shatterizer comes standard with 2 coils and caps for #PerfectClouds, every time!

- * QTC Coil - Quartz Triple Coil and cap - NEW
- * QDC Coil - Quartz Double Coil and cap

Replacement coils are available in 5 packs, last 2-3 weeks or longer and are easy to load and clean!

Long Lasting Variable Voltage 3 Stage Battery with up lighting

Simply click the silver power button 5 times rapidly to turn on and off and 3 times to switch between voltage temperature settings. This design allows you to customize the heat setting to your personal preference for maximum enjoyment.

Click twice to engage specialty 15 second pre-heat feature, once to stop.

- 1400 mAh Lithium-ion Variable Voltage 3 Stage battery (18650)
- 3.2 V = 20 Watt = RED is the lowest temperature setting
- 3.8 V = 25 Watt = BLUE is the medium temperature setting
- 4.2 V = 30 Watt = GREEN is the highest temperature setting

Offers 15 second continuous heat option with an automatic shutoff.

BUBBLER by Shatterizer Base

This attractive and weighted piece keeps your BUBBLER by Shatterizer vaporizer standing up-right and in position.

Micro USB port with Charging Cord

Charging cord - The BUBBLER by Shatterizer has a Micro USB port and comes with one extra-long charging cord.

Double-Sided Engraved Dab Tool

The Shatterizer engraved Dab Tool has both a scoop side and diamond pick feature to make loading a variety of different cannabis concentrates and extracts onto your coils easy.

BUBBLER BOOKLET

The BUBBLER by Shatterizer comes with an official Booklet with all instructions and important information! The BUBBLER Booklet is also available online shatterizer.com
