

Espresso Dose

   	
Pump pressure	15 bar
Control panel	Analog
Boiler	Stainless steel
Dosing system	Y
3 Filters equipment	1 cup/pod/2 cups
Cappuccino accessory	Pannarello
Group and filter holder	Chromed brass

Espresso Dose offers the ability to prepare excellent espresso, **creamy cappuccinos**, tea and more - thanks to its exclusive steam system. The Dosage button allows the machine to **memorize the preferred amount of coffee** used for 1 or 2 cups of espresso. It is fitted with a special filter that allows the use of coffee pods.

The Espresso Dose boasts a unique commercial chrome-plated brass portafilter.
