EPIC Water Filters
1630 30th Street, #A394
Boulder, CO 80301

Dear Joel,

Thank you for your generous contribution of 2500 Nalgene bottles to Global Access 2030 in December of 2021. These bottles will be given to the children of families who receive our water filters to promote health and hydration.

Without your generous in-kind contribution, we would have invested approximately \$12,500 to purchase these items. We are able to apply the funds saved directly to the programs and services to our communities in developing nations.

With each return to our communities, we are greeted by enthusiastic, smiling kids that don't have the conveniences so many of us take for granted. Your generosity ensures lasting partnerships with communities that promote positive change in daily routines. We are empowering our communities to save lives by providing both education and water systems. As a result, kids miss fewer days of school, adults provide for their families, and communities thrive. 100% of your donation is used to promote safe and sustainable drinking water solutions.

Thank you for contributing in such a tangible and positive way in the midst of the other global challenges we are facing.

With Gratitude,

A handwritten signature in black ink, appearing to read 'Rob Miller', with a horizontal line extending to the right.
