February 13, 2024

Dear Joel,

From all of us at POW, thank you for the generous \$125.55 gift for unrestricted general operating support from Epic Water Filters, which we received on February 6, 2024. POW helps passionate outdoor people protect the places we live and experiences we love from climate change. We're proud to be the place where the outdoor community comes together, gets inspired and takes action for climate.

Across the United States, over 50 million people identify as outdoor enthusiasts. Together, we are the Outdoor State, united by our common ground: a shared love for the activities we pursue and the landscapes we explore. POW is empowering the Outdoor State to become the most impactful voice for climate in the United States. With the right combination of education, inspiration and advocacy opportunities, we believe that the collective voice of the Outdoor State can have an outsized impact and move the needle on climate action. We are grateful for your support as we work together towards this goal.

2024 is a pivotal year for the future of our climate, and POW is positioned to meet the moment and harness the power of the Outdoor State to drive impact. To bring more outdoor enthusiasts into the climate conversation, we're broadening our reach throughout the outdoor community and providing the resources needed to advocate for the places we love. POW is leveraging the full influence of our Alliance — over 400 athletes, creatives, scientists and brands engaged with our mission — to empower the outdoor community to turn our passion into action to help solve the climate crisis. Throughout the year, we'll encourage civic engagement, advocate for climate solutions and public lands at the state and federal levels and share stories from our Alliances that highlight what's at stake and raise awareness about the impacts and urgency of climate change.

Thank you for your support which makes this work possible. We're glad you're here on the path with us as we work together to protect the places and experiences we love from the impacts of climate change.

With Gratitude,

Maria Gonzales, Vice President of Development

DONATION RECEIPT - Keep for your records

No goods or services were provided in exchange for this contribution. Protect Our Winters is an exempt organization as described in Section 501(c)(3) of the Internal Revenue Code; EIN 20-8474909.
