

URINARY SUPPORT: BEEF + RICE

INGREDIENTS :	Ground Beef (20% Fat), Basmati Rice, Eggs, Broccoli, Banana, Cauliflower, Fish Oil, Calcium Carbonate, Lite Salt, Choline Bitartrate, Magnesium Oxide, Zinc Gluconate, Ferrous Sulfate, Kelp, Pantothenic Acid, Niacin, Selenomethionine, Manganese Gluconate, Copper Gluconate, Thiamin HCl, Riboflavin, Pyridoxine HCl, Cholecalciferol, Retinol, Biotin, Folic Acid, Cyanocobalamin
----------------------	--

AAFCO STATEMENT:	Formulated for the long-term feeding of dogs with bladder stones (calcium oxalate uroliths or struvite uroliths).
-------------------------	---

SUMMARY:	This therapeutic diet provides controlled amounts of calcium and other minerals as well as oxalates to reduce the risk of recurrence for dogs with previous calcium oxalate uroliths. The diet may also be helpful for struvite urolith dissolution based on restricted amounts of struvite precursors and creation of a dilute specific gravity.
