

Be Prepared... so your Customers can be too.

ASP's pre-kitted agency and officer equipment solutions are here to help.

Law enforcement agencies are facing unprecedented challenges, both on the street and in their administrative offices. Their need for critical equipment has increased, as have their time and budget pressures. They need manufacturers and distributors to have the right products, easy to order and ready to ship, when they need them. ASP has created a variety of product bundles specifically geared towards these current policing realities:

Agency Set

We created this bulk purchase option based on the dramatic increase in use and demand—and expected future needs—for Tri-Fold Disposable Restraints. Allows agencies to purchase everything they need, at significant savings, using a single item number for efficiency:

- 300 Tri-Fold Restraints
- 25 Scarab Cutters
- 25 FREE Carrying Cases

AGENCY SET (all products bulk-packed)

Tactical Response Kit

Addresses two current (and overlapping) concerns that are expected to be with us for some time: the risk of surface-borne pathogen exposure, and the increase in crowd activity and potential mass arrests. This portable, ready-to-deploy kit includes a complete disposable restraint system, as well as a riot length retractable baton and related accessories:

- 10 Tri-Fold Restraints
- 8 Tri-Fold Storage Bands
- Scarab Cutter
- Tri-Fold Carrying Case
- 2 Carabiners
- Talon Infinity 60cm Baton
- Grip Cap
- Envoy Scabbard
- View Bag

All-in-One KITS

KITS include everything an individual officer needs to add a complete ASP integrated tactical equipment solution to his or her duty belt. Each KIT includes an Expandable Baton, Ultra Plus Cuff Restraints, Tactical Flashlight, and dedicated belt cases for each item. We include one of the three cases at no cost, PLUS a free Roll Bag and combination bag lock. Altogether, it's an eight-piece set, at an incredible price.
