

Combo Cases

ASP Combination Scabbards provide a convenient means of organizing, storing and accessing commonly needed safety equipment. Items may be rapidly placed on the belt and secured with ASP Snap-Loc™ clips. When not required, the cases may be removed and kept in a desk, go bag or vehicle compartment. The cases provide a convenient means of keeping essential equipment or backup materials rapidly available.

Duo Case

Duo Cases secure an Agent Baton and Tungsten Transitional light. They snap onto a belt or MOLLE vest.

BRL Case

Baton Restraint Light (BRL) Cases carry an Agent Baton, Tri-Fold Restraint and Tungsten Transitional light. Snap-on loops are adjustable to a variety of belt widths.

Agent & Cuff Case

Agent & Cuff Cases position a baton and Chain or Hinge Handcuffs for rapid access.

Talon & Cuff Case

Talon & Cuff Cases retain a baton and Chain or Hinge Handcuffs. The carrier provides secure retention without compromising access
