

Covert Scabbards

These top grain leather cases slide onto an ASP dress belt to carry, support and conceal a retracted baton. Low profile, comfortable and secure. Covert Scabbards provide rapid access to an intermediate force alternative. They are ideal for suitcoat or casual wear. The carriers provide a complement to ASP Investigator handcuff cases. Cases are available for Talon or Agent Batons.

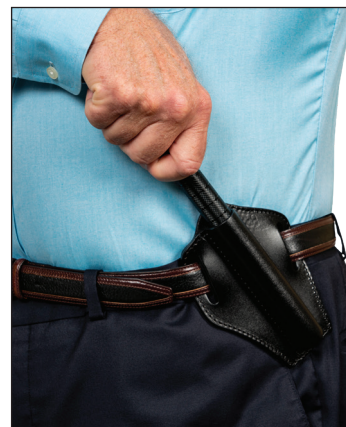

Horizon

A rear carry scabbard that presents a baton with a reverse grip inside draw.

Escort

A Reaction Side carrier that allows rapid access while seated and during dignitary protection.
