

Fusion Batons

- Impact or Manual Release
- Aluminum or Steel
- Integral Nexus Clip
- Intermittent or Constant LED Light
- Micro USB Rechargeable

Fusion and Fusion T Batons are available in both steel and aluminum configurations. They combine a 16 inch or 40 cm expandable baton with a Nexus Clip and Tactical USB high intensity rechargeable flashlight. Each Fusion is produced from duty grade components to create batons of unmatched strength and durability.

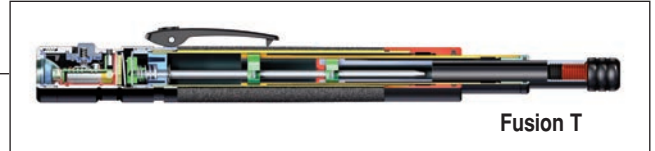

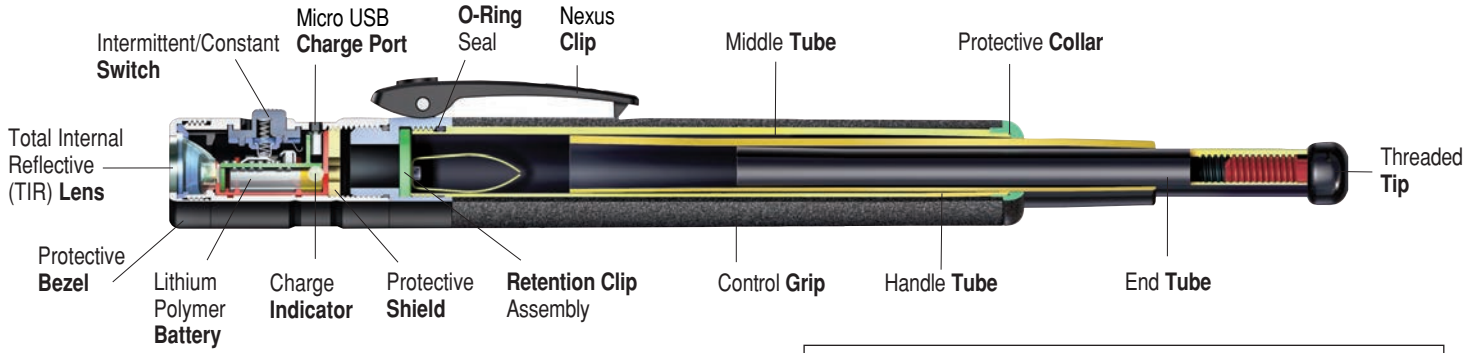

Friction Loc® Fusions are impact released. They are retracted by sharply striking the tip on a hard non-giving surface. Talon Loc Fusion Batons are released with a manual press of the lens end cap.

Fusion Batons may be worn on the belt, waistband or in a pocket. They allow rapid presentation of the baton by grasping the middle of the handle and lifting upward. The design of the Nexus cams the clip off the belt.

The Tactical USB light of the Fusion incorporates an integral Lithium polymer battery and Cree XPG2 LED. The light is rechargeable with any micro USB phone charger, the included retractable cord and a computer, or an ASP Wall Charger (US or EU) or Car Charger. The light has an intermittent or constant-on switch with a pulsing red or solid green charge indicator.

Fusion Batons are the most versatile designs in the ASP collection of impact weapons. They are unmatched in strength, function and quality.

Specifications

Retracted Length	
Fusion	8.25" 20.96 cm
Fusion T	8.75" 22.23 cm
Expanded Length	
Fusion	17.625" 44.77 cm
Fusion T	17.50" 44.45 cm
Diameter	
Fusion	1.065" 2.71 cm
Fusion T	1.10" 2.79 cm
Weight	
Fusion (Aluminum)	9.0 ounces 255 grams
Fusion (Steel)	14.4 ounces 408 grams
Fusion T (Aluminum)	10.25 ounces 291 grams
Fusion T (Steel)	15.7 ounces 445 grams
Locking System	
Fusion	Friction
Fusion T	Disc
Release	
Fusion	Impact
Fusion T	Lens

Steel Tubing

4140
49-57 RC
240,000 PSI tensile
225,000 PSI yield

Aluminum Tubing

7075 T6
87 RB
83,000 PSI tensile
73,000 PSI yield

Striking Surface

4140 steel
Black Chrome plated

Tip

Carbon steel
Black Chrome plated

Grip

Foamed vinyl

Retention Clip

Polymer
Torsion spring activated

Tactical USB

Lithium polymer battery
Micro USB charge port
Charge indicator
Flashing red charging
Solid green fully charged
TIR lens (Total Internal Reflective)
Retractable charge cord

Warranty

Limited Lifetime

Charging Accessories are ASP designed to provide peak performance with a compact profile.
