

Glide

Glide Baton & Cuff is a 100% synthetic lubricant and protectant that was specifically designed for Talon Expandable Batons and Ultra Cuff Restraints. It is a military grade lubricant that exhibits excellent performance in extreme temperature ranges (-65°F to +507°F). Glide will not separate or degrade with age. The formulation is available in 1ml pre-measured, tear open packets or 12ml applicator bottles. It is compatible with all ASP product components.

Glide is:

- Odorless
- Non-Toxic
- Non-Flammable
- Non-Staining

As a lubricant and protectant for Talon Batons and Ultra Cuff Restraints, Glide is:

- Anti-Rust
- Anti-Corrosion
- Anti-Friction
- Anti-Wear

Glide provides the best overall protection and assures the best baton and restraint lubrication of any product on the market.
