

Red Gun® Training Equipment

The world's most durable training weapons come in just one color.

The police firearm is an officer's most distinctive piece of service equipment. Each year a significant number of law enforcement personnel are shot with their own weapons. Weapon retention training as well as weapon disarming procedures are critical law enforcement skills. In addition, police personnel must learn to routinely carry firearms and master the safe handling of weapons under stress. Officers must acquire weapon safety skills for use while moving, when searching and during room clearance procedures. Red Guns provide rugged, lightweight training replicas that are precisely detailed to create a safe training environment.

Unlike less expensive movie props, ASP Red Guns are steel reinforced and molded from high impact hard polymer.

- Lightweight
- Realistic Replicas
- Exacting Tolerances
- Distinctive Color
- Reinforced Construction

RED GUN OPTIONS

- **Reinforced:** Solid polymer with steel reinforcement
- **Enhanced:** Solid polymer with steel reinforcement, plus removable – drop-out magazines

Reinforced Red Guns

Realistic replicas made of durable polymer with steel reinforcement

Made in the USA
