## 7 REAL AVID SMART DRIVE 90

The Smart Drive 90 driver features a 360-degree COBB LED that illuminates the work area with zero shadows.

The Smart Drive 90 from Real Avid is a lighted bit driver set that includes two drivers and 87 standard and metric black oxide coated gun bits. The main driver features a spin top and push button 360 degree LED light. The polycarbonate case features a slide lock and magnetic parts tray. The Smart Drive 90 kit includes a small drive for tight spaces that doubles as a Force Assist lever when attached to the main driver.

- Includes scope barrel tool
- Rubberized handles for sure grip
- Drivers feature magnetic tips

MSRP: \$99.99

## 8 RISE ARMAMENT RA-140 FLAT SUPER SPORTING TRIGGER

The RISE Armament RA-140 Flat SST drop-in trigger boasts a clean break at 3.5 pounds with a short reset.

RISE Armament has added a new configuration to the RA-140 line of drop-in triggers with the RA-140 Flat Super Sporting Trigger (SST). The flat face of the straight trigger blade provides more surface area for enhanced control and a lighter feeling pull. The RA-140 Flat SST is a single-stage trigger system with a 3.5 pound pull weight that's easy to install with no fine tuning needed. The RA-140 Flat SST is CNC machined from high grade, heat-treated tool steel and aluminum, and sports a black 8625 hard

coat anodized aluminum cassette.

- Drop safety configuration
- Includes free anti-walk trigger pins
- Weighs 2.6 ounces

MSRP: \$139.00

## 9 SHAW CUSTOM BARRELS AR-10 AND AR-15 BARRELS

AR-10 and AR-15 barrels are now available to the general public in the most popular calibers and configurations.

The AR-10 and AR-15 barrels from Shaw Custom Barrels are 416R stainless steel and are available with optional straight or helical fluting, with a black fluting upgrade available. The AR-15 barrels are currently available in .223 Wylde/5.56 NATO, 6.5 Grendel II and .450 Bushmaster, and the AR-10 barrels are currently available in .308 Winchester and 6.5 Creedmoor. The barrels are threaded and feature dimpled gas block seats.

- AR-15 calibers available: .223 Wylde/5.56 NATO, 6.5 Grendel II and .450 Bushmaster
- AR-10 calibers available: .308 Winchester and 6.5 Creedmoor
- Constructed of 416R stainless steel

MSRP: NA

## 10 ARMAMENT SYSTEMS & PROCEDURES SCRIBE DF

The new DF variant of the Scribe from Armament Systems & Procedures (ASP) has a 350-lumen output and the added benefit of Dual Fuel technology.

The Scribe DF from ASP is a Dual Fuel everyday carry light that can be powered by the included 10300 lithium ion battery that recharges inside the light or two readily available AAA batteries. The Scribe DF is designed for simplicity and single-handed use, with all light modes accessible via a single tail switch. A constant current circuit board drives a Cree XPG LED, pushing bright white light through a mirror polished reflector and optical glass lens.

- Protected micro-USB port for recharging 10300 lithium ion battery
- Tri-color charge status/battery capacity indicator
- Forged steel pocket clip

MSRP: \$85.00

## 11 BIG FRIG 10-QUART DENALI COOLER

The latest Denali cooler from Big Frig is the new 10-quart model, designed for everyday use.

The Big Frig 10-quart Denali cooler has an aluminum carry handle and is equipped with non-slip feet and stainless-steel lock plates that work as bottle openers. There are molded-in cup holders on the lid and tie-down anchors to keep the cooler secure in the back of a truck or ATV. The Denali 10-quart cooler features an extra-thick freezer-quality seal that helps the cooler retain ice for three or more days.

- Holds 10 pounds of ice or 14 12-ounce cans
- Available in white, tan and desert camo
- Customizable with your own logo and/or graphics

MSRP: \$119.99  
WEBSITE: [www.bigfrig.com](http://www.bigfrig.com)

## 12 SIG SAUER .30-'06 SPRINGFIELD ELITE MATCH AMMO

SIG SAUER adds to its Elite Match ammunition line with the addition of a .30-'06 Springfield round.

The new .30-'06 Springfield Elite Match ammunition from SIG SAUER features a 175-grain Sierra MatchKing bullet. The Open Tip Match (OTM) round has a muzzle velocity of 2,700 fps with a muzzle energy of 2,833 foot-pounds. SIG SAUER Elite Match ammunition features a temperature-stable propellant that delivers consistent muzzle velocity in all weather conditions. Premium-quality primers ensure minimum velocity variations, and the shell case metallurgy is optimized to yield consistent bullet retention round after round.

- 175-grain Sierra MatchKing OTM bullet
- Loaded on equipment that is 100-percent electro-mechanically monitored for consistency
- 2,700 fps muzzle velocity and 2,833 foot-pounds of muzzle energy

MSRP: \$45.95
