

SUSTAINABLE CHRISTMAS GIFTS

*Make people smile
with a thoughtful, ethical gift
that doesn't cost the Earth*

WHY OUT OF THE BOX GIFTS?

OUT OF THE BOX GIFTS

Corporate Gifting trends are changing – gone are the days of sending out a branded stress ball (and it subsequently ending up in landfill).

These days, businesses are increasingly seeking out thoughtful and sustainable gifts – and that's where Out of the Box Gifts come in!

I'm Zoe, founder of Out of the Box Gifts and I strongly believe that clients and team members will remember the thought that went into a gift over a logo on a plastic pen.

Our beautifully presented gifts are created to match the theme, occasion or purpose behind your gift. Our gifts are eco-friendly and vegan-friendly which is beneficial from a sustainability perspective, as well as catering for many dietary requirements.

I can send anything from a one-off, special gift, regular onboarding gifts to several hundred gifts to team members around the country.

I'm on a mission to make the corporate gifting industry memorable and sustainable.

Zoe

Eco-friendly gifts

All of our gifts are eco-friendly, produced with natural ingredients and come in reusable, compostable or recyclable packaging. They are also vegan-friendly to reduce their impact on the planet.

Ethically Sourced

We are a UK based, independent, climate-positive business. All of our gift boxes contain only ethically sourced products from other independent businesses within the UK.

Beautifully Packaged

Our gifts are carefully wrapped in compostable paper and finished with natural jute twine and a gift tag with your personal message along with your logo. We always keep our packaging to a minimum, without compromising on quality.

One Tree Planted For Every Box

We are proud to have partnered with Ecologi and fund the planting of a tree with every order placed. Ecologi are helping to fund the world's best climate crisis solutions.

Suitable For Every Occasion

We can provide gift boxes for every occasion including: new starters/leavers, client onboarding and offboarding, training course delegates, employee appreciation, team wellbeing, Christmas, birthdays etc.

Branded For Your Company

If required, we can add your branding to your gift boxes. From adding your logo to the gift tags with your message, to using brand colour tissue paper and even branding the gift boxes.

Delivery Options

Delivery options are available to suit all requirements. We can send each gift box direct to each recipient's home address or alternatively to their office or place of work.

Dietary Requirements

All of our products are vegan friendly and we partner with a brilliant bakery who produce Gluten Free treats. We can create gift boxes to work with any dietary requirements.

GDPR

There are multiple ways we can collect data to ensure we keep within GDPR including an opt-in area on our website. Data is stored securely and deleted soon after delivery.

A Few Of The Brands We've Partnered With

Synter BMW

VOLVO

Mars

LACOSTE

KPMG

KALUZA

YOUNGMINDS
AND BEANO

BARCLAYS

Mix & Match

All gift boxes are fully customisable - want to swap one product for another?

We'd love to help you create the perfect gift.

Branding

All of our gift boxes come with a complimentary gift tag or postcard as standard.

We can also customise with brand colour tissue paper and fully branded gift boxes if required.

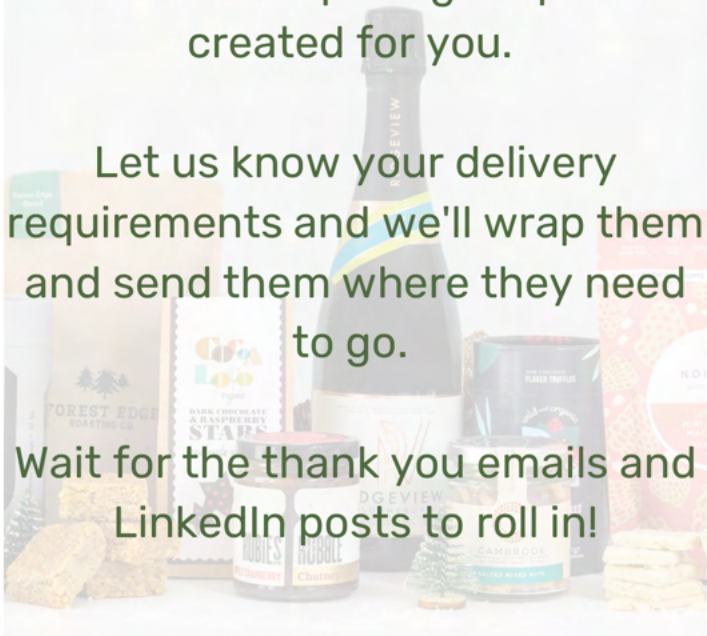

How It Works

Choose one of our ready made gift boxes or get in touch if you'd like some bespoke gift options created for you.

Let us know your delivery requirements and we'll wrap them and send them where they need to go.

Wait for the thank you emails and LinkedIn posts to roll in!
