

Sustainable Corporate Christmas Gifts 2022

Our mission is to create meaningful, memorable gifts that don't cost the earth, while surprising and delighting your recipients.

OUT OF THE BOX GIFTS

“

"Our team and clients have received their boxes/cards and have been **delighted with them!** The products are lovely, **high quality** and we all **loved the sustainable message.** Thank you for working with us and accomodating our changing wishes."

- Upstart

About Us

Corporate Gifting trends are changing – gone are the days of sending out a branded stress ball (and it subsequently ending up in landfill).

These days, businesses are increasingly seeking out thoughtful and sustainable gifts – and that’s where Out of the Box Gifts come in!

I’m Zoe, founder of Out of the Box Gifts and I strongly believe that clients and team members will remember the thought that went into a gift, over a logo on a plastic pen.

Our beautifully presented gifts are created to match the theme, occasion or purpose behind the gift. Our gifts are eco-friendly and vegan-friendly which is beneficial from a sustainability perspective, as well as catering for many dietary requirements.

I can send anything from a one-off, special gift, regular onboarding gifts to several hundred gifts to team members around the country.

I’m on a mission to make the corporate gifting industry more memorable and more sustainable.

Why Us?

Eco-friendly gifts

All of our gifts are eco-friendly, produced with natural ingredients and come in reusable, compostable or recyclable packaging. They are also vegan-friendly to reduce their impact on the planet.

Ethically Sourced

We are a UK based, independent, climate-positive business. All of our gift boxes contain only ethically sourced products from other independent businesses within the UK.

Beautifully Packaged

Our gifts are carefully wrapped in compostable paper and finished with natural jute twine and a gift tag with your personal message along with your logo. We always keep our packaging to a minimum, without compromising on quality.

One Tree Planted For Every Box

We are proud to have partnered with Ecologi and fund the planting of a tree with every order placed. Ecologi are helping to fund the world's best climate crisis solutions.

Suitable For Every Occasion

We can provide gift boxes for every occasion including; new starters/leavers, client onboarding and offboarding, training course delegates, employee appreciation, team wellbeing, Christmas, birthdays etc.

Branded For Your Company

If required, we can add your branding to your gift boxes. From adding your logo to the gift tags with your message, to using brand colour tissue paper and even branding the gift boxes.

Delivery Options

Delivery options are available to suit all requirements. We can send each gift box direct to each recipient's home address or alternatively to their office or place of work.

Dietary Requirements

All of our products are vegan friendly and we partner with a brilliant bakery who produce Gluten Free treats. We can create gift boxes to work with any dietary requirements.

GDPR

There are multiple ways we can collect data to ensure we keep within GDPR including an opt-in area on our website. Data is stored securely and deleted soon after delivery.

How Does It Work?

Choose one of our ready made gift boxes from the options below, or get in touch if you'd like some bespoke gift options created for you.

Let us know your delivery requirements and we'll wrap them and send them where they need to go.

Wait for the thank you emails and LinkedIn posts to roll in!

Choose the treats for your gift boxes

We'll wrap them and send them

Some of our wonderful customers

Kreston Reeves Financial Planning

"We were looking to show **appreciation** for great achievements over a challenging year. When making enquiries with various potential suppliers, Zoe was the first to get back in contact with me. She **listened to what I was trying to achieve** and emailed me the very next morning. The boxes were **well presented**, right down to the small details such as containing our corporate branding on the outside, the way they were neatly tied and how the contents were laid out with a personalised corporate message on the inside. The contents were **very high quality.**"

Creative Coup

"I am so glad I discovered Out of the Box gifts last year. Being able to put together **bespoke Christmas boxes** for our clients within budget was so easy with a great selection of beautiful earth friendly items at different price points AND was a **unique surprise for them.** The personal touch of adding our company logo to the notes made them extra special. You are now my go to shop when I want to send on personal gifts too. Love that I can support small business with **genuine and personal customer service.**"

Kaluza

"Out of the Box Gifts was an **absolute pleasure to work** with for our 2020 Christmas gifts. As an eco-friendly company, we wanted something to **reflect our values** and Zoe was very helpful, providing us with multiple options that fit our budget. Despite being a small business, she set to work and had our **300+ gifts ready and delivered within a week.** The boxes were **beautifully packaged** and went down a treat with our **employees.** If you are looking for **high quality, eco-friendly** gifts, I highly recommend Out of the Box Gifts to deliver something special to your door."
