The mountains are insurmountable and life is lived under an all-invasive greyness and frustration.

Well. Once you have Art Shape in your life I can guarantee that the sun will shine as never before and you will be standing on those creative mountaintops surveying the wonderful things that are now possible.

Always wanted to dance and perform, but thought you couldn't? Always wanted to experiment with paint, but thought it would just be a mess? Always loved words, but never had the confidence to turn them into poems and stories? Or have just found that the things that stop you are overwhelming and exhausting?

Art Shape will give you the wings that you have always craved. They will support and encourage as you unleash your potential and remove all the barriers that have stood in your way.

You are special. You are unique.

ESHO

Are you interested in volunteering or working towards employment, but not sure how to get started? You may benefit from ESHO.

Meet Melissa one of our latest ESHO participants. Mel came to us looking for support with finding an employment route that works for her.

Melissa has completed Inclusion training with Active Impact whilst with us, Inclusion being an important ethos to Melissa and something she wishes to embed in her working life.

She has also completed a three-week course looking at the role of a Teaching assistant with GL communities and a six-week course in building her own wellbeing toolkit to build her resilience.

Melissa has struggled with low mood that is crippling at times but throughout her time on **ESHO** has built coping strategies (and an addiction to drawing!!) Made new connections with lots of different people and has signed up for a new voluntary role with Art Shape. Melissa is just about to begin her accredited arts therapy course that was paid for through **ESHO** funding.

Melissa is working towards her future with dedication and a renewed sense of purpose.
