## Coloring Book

### Sadie Collection

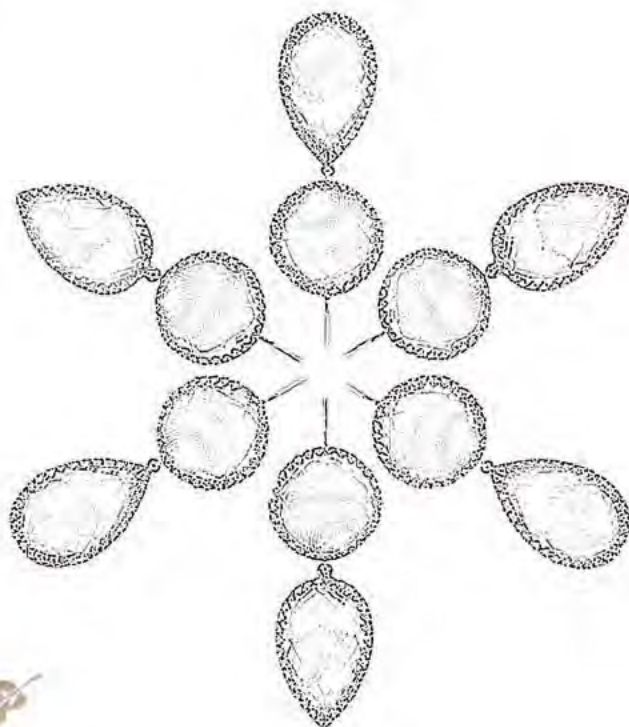

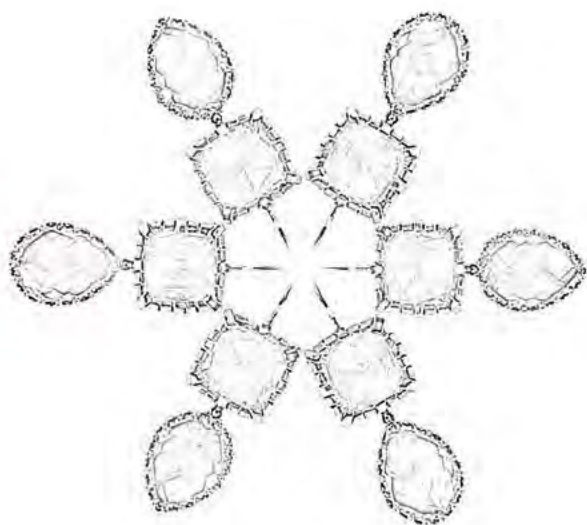

This coloring book highlights Larkspur & Hawk's Sadie Collection, a fun and lyrical reinterpretation of our classic designs, all featuring asymmetric silhouettes. At Larkspur & Hawk, we are known for our technique of foiled gemstones and our use of color, and this new collection takes color to an explosive next level. In this whimsical coloring book, we want you to have the same pleasure that we have at Larkspur & Hawk, creating colorful jewelry. Foiling is Larkspur & Hawk's signature technique, and an art form that was used prominently in the 18th century Georgian period. The lost art has been resurrected to give stones a unique play of light and color.

We thank illustrator Happy Menocal for her delightful illustrations that are interspersed with our stylized pieces. Please relax, color, and share your colorful creations with us, using the hashtag: #LHcoloring. We look forward to seeing them!
