| SECTION 4: First aid measures           |                                                                                                                                                                                                                                                                                       |
|-----------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 4.1. Description of first aid measures  |                                                                                                                                                                                                                                                                                       |
| First-aid measures general              | : Never give anything by mouth to an unconscious person. If you feel unwell, seek medical advice (show the label where possible).                                                                                                                                                     |
| First-aid measures after inhalation     | : If breathing is difficult, remove victim to fresh air and keep at rest in a position comfortable for breathing. If you feel unwell, seek medical advice.                                                                                                                            |
| First-aid measures after skin contact   | : If skin irritation or rash occurs: Remove affected clothing and wash all exposed skin area with mild soap and water, followed by warm water rinse. Wash with plenty of soap and water. Wash contaminated clothing before reuse. If skin irritation persists, get medical attention. |
| First-aid measures after eye contact    | : IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.                                                                                          |
| First-aid measures after ingestion      | : Rinse mouth. Do NOT induce vomiting. Obtain emergency medical attention.                                                                                                                                                                                                            |
| 4.2. Most important symptoms and effect | ts, both acute and delayed                                                                                                                                                                                                                                                            |
| Symptoms/injuries                       | : Not expected to present a significant hazard under anticipated conditions of normal use. If you feel unwell, seek medical advice.                                                                                                                                                   |
| Symptoms/injuries after skin contact    | : Causes skin irritation. May cause an allergic skin reaction.                                                                                                                                                                                                                        |
| Symptoms/injuries after eye contact     | : Causes serious eye irritation.                                                                                                                                                                                                                                                      |
| Symptoms/injuries after ingestion       | : FOLLOWING SYMPTOMS MAY APPEAR LATER: Gastrointestinal complaints. Irritation of the gastric/intestinal mucosa. Irritation of the oral mucous membranes.                                                                                                                             |

#### Indication of any immediate medical attention and special treatment needed 4.3.
