

CAROLINE Z HURLEY

WOVEN RUGS

This collection is a collaboration between Thayer Design Studio and Caroline Z Hurley. All our rugs are made of 100% natural fabrics - we want them to feel good, look good and do good! These simple rugs embody both lightness and grounding and will add instant cozy to your home. Each rug is made to order at a family owned and operated factory in Rhode Island.

Details:

Contents: 1 part recycled cotton to 2 parts wool.

Order timeline: 2-3 weeks

Linen sourced from Europe and wool yarn sourced from Canada

Meet all flammability requirements

Available in 6 sizes, see some of our favorites sizes below!

Custom options available

FRANCISCO RUGS

This light weight hand woven rug is inspired by Antigua, Guatemala. It is hand-spun, hand dyed cotton and manufactured by a man named Francisco who lives in the hills of Guatemala. Francisco specializes in the ikat technique of weaving, where each thread is dyed individually and then woven into the rug to create a blurred effect. Because of this, each rug is one of a kind. This rug has an airy, fresh quality and will bring life into a room.

Details:

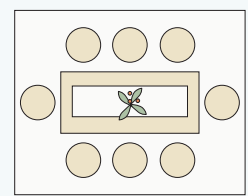

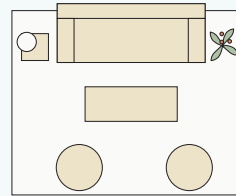

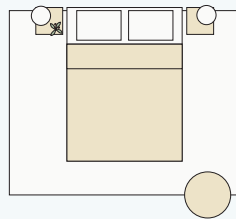

4 ft x 6 ft including tassels

100% cotton

Made in Guatemala
