

AFFIDAVIT OF CHERYL KRAUSE REGARDING THE RAPID REVERSAL OF AN EXPANDING NERVE TISSUE CANCER USING A NUTRIENT CANCER COMPOUND DEVELOPED BY DR. ERIC WEISMAN, SCIENTIST AND THE FACT THAT I AM STILL IN REMISSION 2 YEARS AFTER STARTING THE USE OF THE COMPOUND ACCORDING TO MAYO CLINIC EVALUATIONS

I swear that the following statements are true and factual:

- I. My name is Cheryl Krause and I live at 8100 Knox Ave., Apt. 700, Bloomington, Minnesota, 55431.
- II. I attained a Law Enforcement Certificate in Chicago, IL, and graduated from that program while I was in my twenties.
- III. I first contacted Dr. Eric Weisman after watching him on his Cable Television Program where he discussed his successful Cancer Supplement Compound. I thank God I called Dr. Weisman, because he has now saved my life with at least 2 conditions that were killing me.
- IV. Dr. Weisman made it clear that he was not offering a cure, treatment, diagnosis or prevention for any disease. Dr. Weisman also told me that the FDA had not evaluated the compound he was going to use with me. Dr. Weisman told me he would explain the results of studies he had undertaken in similar or the same conditions. He explained that he would give me instructions & supplements for a compound he had developed with other clinicians and clients that he used in similar conditions.
- V. I first spoke to Dr. Weisman about a respiratory disorder condition 2012. Dr. Weisman identified himself as a Scientist and former Doctor of Chiropractic. He explained he was a Scientist specializing in experimenting, developing and administering Nutrient – Metabolite Compounds for Cancers, Organ Failure and Systemic Infectious Diseases. He told me he was not a DVM, MD, DC, DVM or medical nutritionist. He explained that his procedures were not veterinary or medical. He told me that I need not address him as Doctor Weisman and that calling him Eric would be fine.
- VI. In 2012, Dr. Weisman first helped me with expanding nodules that were forming inside my lungs and reducing my ability to breath. Dr. Weisman was able to stop them from expanding and improve my ability to breath.
- VII. The Nerve Malignancy Diagnosis from the Mayo Clinic was consistent with chronic and increasing feeling of sickness and weight loss. My Mayo Doctor could not tell me how long I had to live, but he did tell me that the Nerve Malignancy was expanding in my body.
- VIII. I thought I could not do any better than using Dr. Weisman for the second time, especially after he had given me such excellent assistance the for my Respiratory Condition the first time.
- IX. Dr. Weisman provided me with a list of foods to eat and where to buy them at a discount, the Nutrient Compound Instructions and all the supplements I would need. He also gave me credit, so I would not have to pay him for his services or the supplements he provided at the time of service. He gave me no guarantees, but he told that he had numerous successes in reversing many different types of cancer in dogs

and cats and the occasional human case as well. I decided to try his tested supplement compound and strict Vegan Diet with Organic Vegetables and Organic Breads.

- X. After the 3rd week of using Dr. Weisman's Instructions, supplements and strict vegetarian diet, I started feeling and seeing big improvements in terms of my appearance, energy and weight gain. My alertness and even my skin and mobility improved dramatically.
- XI. The following month, I visited the Mayo Clinic and my doctor there told me my cancer was gone. He remarked on how well I was doing. I was visiting with my doctor the entire time that I have used Dr. Weisman's supplement compounds. Dr. Weisman urged me to continue with the Mayo Clinic along with his instructions.
- XII. After reviewing my blood chemistry panel that I initially had performed, Dr. Weisman explained the importance additional blood tests to rule out various forms of organ failure and the spread of cancer.
- XIII. Dr. Weisman provided me with a case specific combination of vitamins, botanicals, protein isolates, protein complexes, minerals and enzymes he has used in subjects with similar conditions to my Dog's case. He wrote out the amounts per administration and how often he would administer the dose.
- XIV. Again: After starting Dr. Weisman's Cancer Compound and Strict Vegetarian Diet, my weakness subsided within 3 weeks. Dr. Weisman told me that it would be best to keep up my Mayo Medical Evaluations which I have continued. My Mayo Doctors have been somewhat shocked about the complete reversal of my Cancer and the stopping of the my Lung Nodule Development. After having my most current blood tests and physical findings taken and reviewed, my Mayo Doctor told me that I am doing very well and that I am still remission from the spreading Lung Nodule Condition from 6 Years ago and Nerve Cancer I previously had about 2 years ago.
- XV. I am sure that Dr. Weisman saved my life for two times times, first with his Lung Nodule Compound and then with his Cancer Compound. He has substantially improved my quality of life as well. He has followed up on both my first Respiratory and Cancer Conditions with free assistance. Dr. Weisman is by far the most knowledgeable, dedicated and most effective health professional I have ever met. He has given me hours of his precious time without any cost whatsoever.
- XVI. He asks for donations instead of fees and when he asks the cost is low. I have referred friends and family to Dr. Weisman and will continue to do so.
