

Join our campaign to advocate for additional resources for the Phoenix Fire Department!

If you live in the City of Phoenix and believe that more priority should be placed on adding fire trucks and ambulances to our city, you can help by respectfully communicating your concerns to your city council representative.

Below, you'll find QR codes and links to help you:

- Identify your council district
- Find the email of your council representative
- Access an example letter with data and specific needs

Thank you for your time and for helping us spread awareness about the challenges facing the Phoenix Fire Department. Together, we can make a difference in our community's safety
