

REVIVAL MARTIN&CO.

*Founded on the belief that each of us is unique
and our style should be a reflection of that.
We design handcrafted Eco friendly 100%
reclaimed wood watches with premium materials.*

Our Mission at Revival by Martin & Co. is to redefine what a watch should be. We want to create change not only in how a watch looks and feels but also in what it signifies. The value of a watch is not being able to tell how much time has passed, but in being aware of the need to make that time count.

Our passion and desire to help others has been our inspiration and motivating force behind our company. We recognize the immediate need for clean drinking water and sanitation in our world, so we have partnered with WaterAid, Canada. Moments are bigger than minutes and every purchase makes an impact and will help to transform lives.

Our company goal is to promote unity, health, mindfulness, clarity and flow.

Our Geared for Change collection is not just about buying a product

it's about stepping toward a lifestyle change. Achieving optimal balance and health. Movement, flow and harmony. Taking that first step and commitment to help ourselves and others.

Every detail within our watches have been meticulously selected in order to bring you quality and to help the wearer collectively channel their energy toward inner peace within themselves, our community and our world. At Revival by Martin & Co, we are committed to sustainability.

Dana Ruby Martin and Jeff Martin

Media Relations

OUR CHARITIES

Revival by Martin & Co is committed to making a difference in the World. We believe in responsible, sustainable actions that positively impact the World we live in. Our vision is of a world where everyone has access to safe water and sanitation. That's why we're committed to our goal of raising \$75,000 in 2017, for *WaterAid Canada*. For every watch purchased, we will donate 25% of proceeds. So far, we've raised more than \$30,000, the equivalent of 1042 children given access to clean water. Every minute, every day, people suffer and lives are lost needlessly because of a lack of safe water and sanitation. Help us transform lives.

With each watch sold we will donate a portion of our proceeds to *WaterAid Canada* or *SickKids Hospital*, the choice is yours at checkout!
